

ABOUT US:

***“Strong
Landmark
Presence”***

Adler Steels India Private Limited holds a strong landmark presence in the steel industry and has been operational since 1990. The firm was created under the name “Gyan Steels” in the year 1990 and was later converted into a Private Limited Company in August’2018. An ISO 9001:2015 firm, we are certified in quality management by consistently providing products and services that meet customers and applicable statutory and regulatory requirements, aiming to enhance customer satisfaction through the effective application of the system. Acknowledged as a reputed manufacturer and supplier, we are known for our quality standards and cost effective products.

Since inception Adler Steels have banked on world-leading technology and have been delivering Pre Engineered Steel Building Solutions- par excellence, in North India since 2012. Spread over a wide area, our sturdy infrastructure offers all the machinery to carry out smooth and expedite manufacturing process. Our skilled employees are professionally trained who helps in timely delivery of the best products to our valuable customers. Being a committed Steel Buildings manufacturer our guiding doctrine is to focus on continuous improvement in our product and service portfolio, along with contributing to prosperity of the human society by creating value through our efficient products.

Vision and Mission:

Vision:

- Working as a catalyst in the growth of industry.
- To become one of the top contributors in the (pre)engineered buildings manufacturing
- Constant focus on cost reduction

Mission:

Consistent with the values, Adler Steels strives to strengthen base of PEB industry by utilizing innovative technologies within an environment of experts who aim to achieve the heights of excellence in all it does. We recognize the value of relations, thus seeking long term relations with everyone we come in contact with.

PRE-ENGINEERED BUILDING (PEB):

The construction of a Pre-Engineered Building (PEB) commences with identifying the precise functions the structure will serve and it takes lesser time and is 20 to 30% cheaper than any other conventional method of construction. The steel structure, built over a structural concept of primary members, secondary members and cover sheeting connected to each other, is more flexible, durable, affordable and adaptable and is provided in good quality by us.

Adler Steels with its clear vision and work ethics serves as a reliable name in the northern part of the country as a PEB manufacturer and supplier. We are acknowledged as highly competitive in the market due to various factors like high technical competence, standardization and modularization, close alignment between manufacturing arm and other supply chain partners, to name a few. PEB designed by our expert team is thoroughly checked on the parameters like dimensions, sturdiness and durability, provided as per the set industry norms and guidelines. One of the leading players in North India we have completed many prestigious industrial projects, making our name in infrastructure development and steel industry.

Factors that give our PEB advantage:

- Cost effective steel building solutions
- Precise engineering
- High trade products of consistent quality
- Custom designed solutions that complies with customer specification
- Roof system: up to 60m clear span
- Advanced technology
- Timely delivery of projects
- Efficient and sustainable manufacturing
- Faster installation

JAI MATA PLYWOOD

- ▶ Area: 38600 sq. ft.
- ▶ Location: Hoshiarpur
- ▶ 140 ft. pillar-less truss
- ▶ 30 ft. bay spacing
- ▶ 25 ft. pillar-less canopy

GLOBAL FOODS

- ▶ Area: 107650 sq. ft.
- ▶ Location: Majitha, Pb
- ▶ Rice mill
- ▶ Complicated structure
- ▶ Ht: 52 ft.
- ▶ Multiple buildings
- ▶ Insulated roof

ARYAN HYUNDAI

- ▶ Area: 25643 sq. ft.
- ▶ Location: Amritsar
- ▶ Car agency
- ▶ Completed in just 30 days
- ▶ Agency awarded by Hyundai

PUNJAB BASMATI RICE LIMITED

- ▶ Area: 36652 sq. ft.
- ▶ Location: Amritsar
- ▶ Rice mill
- ▶ Ht: 52 ft.

NOVELTY FORD

- Area: 10272 sq. ft. ▶
- Location: Amritsar ▶
- Car agency ▶
- Roof insulated ▶
- 50 ft high single pillar, without support, for signage ▶

ANGAD MILKFOODS PRIVATE LIMITED

- ▶ Area: 28412 sq. ft.
- ▶ Location: Chubal, Pb
- ▶ Milk plant
- ▶ Ht: 85 ft.
- ▶ Challenging cladding installation

LAL QILLA RICE

- Area: 38783 sq. ft. ▶
- Location: Amritsar ▶
- Rice mill ▶
- Height: 55 ft. ▶
- Boiler shed with louvers ▶
- Repeat customer, with ultimate satisfaction level ▶

NATRAJ WOOLTEX LIMITED

- ▶ Area: 12322 sq. ft.
- ▶ Location: Amritsar
- ▶ Yarn factory
- ▶ Installed on second floor
- ▶ Very challenging; special tools designed for erection, because no crane access in the area
- ▶ Completely made out of puff panels, to maintain the inside temperature
